SVT AGENT ONE (V.O.)

We are aware of and have confirmed certain cosmic laws of creation that govern the universe. From Source came the Archons, three pieces of universal intelligence that assisted in acts of pure creation, ensuring that Source continued to experience itself in infinite ways. The Archon's occupy no body and have no gender. They are pure, conscious, energy. After the destruction of Atlantis, this transmission was found. We have done our best to interpret it's words.

SVT AGENT TWO (V.O.)

A wet heat blanketed acres of jungle, surrounded by picture-perfect calm, clear blue waters. Exotic wildlife was forced to share their homes on this small island. It was twenty miles away from the main one which saw activity of a human kind since the mid 1920s. Power grew there. It did not wait silently; it spread its hands like the tentacles of a tumor touching everything it intended to and more.

SVT AGENT

Jesus... are you writing a book?

SVT AGENT TWO

Fuck off. Just because your reports are boring doesn't mean my have to be.
