1 INT. TRANSPORT

Humans in the back of the transport. A rumbling sound as the transport flies over the ground towards Clan Vires.

We can hear a young boy crying.

MAN

Shush now. You've got nothing to worry about. Everybody knows Clan Vires is one of the best in the nation.

1

RAEGEL

(grouchy)

He's got everything to worry about. She's going to eat him one day.

2

MAN

You shut the hell up! I'm done with you, Raegel, you mouthy fool. We've taken more lashes for you than any other!

3

RAEGEL

I'm never the one holding the whip, yet you still blame me.

4

MAN

Because you want to change what can't be changed! This boy can live a life, a full life, a good life. Not every human ends up food. And if we do, then we do, that's the way of it, and it always will be.

5

WOMAN

I heard Mistress Alexa's humans are the most well fed, and well dressed.

6

MAN

It's true! I've seen them in passing. She sent human messengers to Clan Sora once. Not Automaton's, but messengers!

## MAN (cont'd)

They got to ride in their  
High Powered Land Vehicles  
and everything.

## RAEGEL (V.O.)

Stay at the bottom long  
enough and people will take  
any scrap that becomes  
available. As much as their  
conversation pissed me off,  
they were right about  
Alexa. Her clan was well  
managed, her humans  
treated as fairly as they  
could be I supposed. At  
least that's what everybody  
said. We'd never left Clan  
Sora's lands, so we didn't  
actually know. It could all  
be bullshit. She could be  
worse than where we'd come  
from. It wouldn't surprise  
me.

8

## RAEGEL (V.O.) (cont'd)

(frustrated)  
And damn the small minds  
of my kin! Damn them for  
not believing me when I  
told them what I'd seen,  
what I knew to be true.  
Vampires would always need  
humans, but one day,  
humans could be strong  
enough they didn't need  
Vampires.

9

(passionate)  
I didn't want a war, I  
wanted peace. I want co-  
existence and mutual  
respect. I loved this planet,  
and our status in the  
galaxy. I didn't want to  
leave, and I didn't want to  
die in a senseless war  
either. But I wouldn't be a  
slave forever, and I wasn't  
going to die, weak and  
helpless under the fangs of  
some fucking bloodsucker.  
Not even the great Alexa.

10

## 2 EXT. HUMAN COLONY (NAME PENDING)

We hear the sound of futuristic gates open as the transport drives through. The gates slowly close. The transport stops and the back door opens.

RAEGEL (V.O.) 11  
 I stepped out of the transport, and was annoyed at the gasp that almost left me. On first glance this colony was... oh fuck her, it was beautiful.

RAEGEL (V.O.) (cont'd) 12  
 Vampire cities on Nomoria were an eye catching blend of technology and nature. Hanging gardens, glowing moon flowers decorating high-tech steel, lush parks. Buildings of gleaming steel and glass, elegant manors and castles of stone, decorated by night roses kissing the surfaces. Everything Vampires built was beautiful. Human Colony's, usually weren't. They were okay, some were down right slums. But this one... just fuck her. Fuck Alexa. The roads were paved. The streets were clean, and not from the labor of the humans but the Automaton's zipping about. There were fruit trees, and my stomach growled at the sight of them. Even under the light of the two moons, the humans here looked... by Lucifer they looked *happy* walking about. There was even... a fucking cafe? Did I smell... was that coffee?

BOSIE 13  
 All right, everyone settle down now. Eyes front, I need your attention.  
 (MORE)

**BOSIE (cont'd)**

(beat)

Thank you. My name is Bosie. I am your coordinator. I want to welcome you to Clan Vires. I know what terrible conditions you lived in under at Clan Sora. Rejoice now, because you will experience the most freedom a human is given on Nomoria. All your needs will be meet. Food. Housing. Clothing. Entertainment. Health. Under the light of the day, do as you please, or don't. Live your lives to the fullest. For they belong to Alexa, and may you be so blessed that one night calls upon you to repay the debt you owe her.

14

**MAN**

All hail, Mistress Alexa!

15

**CROWD**

HAIL MISTRESS ALEXA!  
LONG LIVE CLAN SORA!

16

**BOISE**

(laughing)

Okay okay. Be patient while we get you all through processing. You'll be given a tablet. It is yours to keep. You'll find many things on it, along with rules of the colony. If you cannot read, or you're not tech savvy one of the <AI bots> will be dispatched to your home to assist you. Please make your way through there.

17

**RAEGEL (V.O.)**

After the hellish conditions of Clan Soras, even I had to admit this almost felt like freedom. The registration process was surprisingly fast. No one was rude, aside from Uso, but fuck him.

## RAEGEL (V.O.) (cont'd)

I was escorted by an Automaton down a pristine street that smelled of lilacs. It stopped in front of a door and handed me a keycard. When I inserted it, I was inside a modestly furnished room. It was spacious. More space than I'd had my entire life.

RAEGEL  
Where are my roommates? 19

AI BOT  
I'm sorry I don't understand. 20

RAEGEL  
Who else is going to live here with me? 21

AI BOT  
This is your home Mr. Raegel. 22

RAEGEL  
Just Raegel, please. 23

AI BOT  
As you wish. 24

RAEGEL  
Hang on, this whole space is mine? 25

AI BOT  
Yes. So long as you obey the rules in accordance with- 26

RAEGEL (V.O.)  
I tuned out the bot and looked around. The bed wasn't a cot. I touched it. Mattress. Soft. There were sheets. Blankets. Four fucking pillows. 27

RAEGEL  
Is that a bathtub? It's huge. That's mine? 28

AI BOT  
Yes. 29

RAEGEL 30  
 There's a shower. A  
 separate shower. How long  
 do I have in the shower?

AI BOT 31  
 As long as you want sir.  
 Our water system is  
 extremely robust and of  
 the highest quality.

RAEGEL 32  
 You're telling me I can take  
 a shower for as long as I  
 want?

AI BOT 33  
 Yes. When you are ready  
 sir, I will take you to the  
 department store, where  
 you can select new clothing.

RAEGEL 34  
 Buddy, can we do that  
 tomorrow? Because all I  
 want to do right now is get  
 in that shower and forget  
 the world exists.

AI BOT 35  
 As you wish. Good evening  
 sir.

RAEGEL 36  
 Night.

We hear the sound of water running, and  
 then a moment later. Raegel's voice is distant.

RAEGEL (cont'd) 37  
 Holy sun goddess it's hot!  
 Hot fucking water! Woo!

The sound of the shower slowly fades out  
 and we let time pass. Transition sound.

We hear Raegel snoring. Then we hear the  
 door bell, twice.

RAEGEL (cont'd) 38  
 (Sleepy)  
 What the... I'm coming...

We hear the sheet moving as Raegel gets out of bed, and walks across the flat to the door. We hear the door bell again.

RAEGEL (cont'd) 39  
I'm coming!

He opens the door.

BOISE 40  
We ring twice. The next time we wait longer than that we break the door down and we don't replace it. Do you understand?

RAEGEL 41  
If you don't want us to sleep so heavy, don't make the beds so fucking comfortable.

BOISE 42  
(chuckles)  
Be careful, Raegel. There's a side to this place that isn't so pretty. You don't want to be there.

RAEGEL 43  
(sighs)  
Yes ma'am. What do I owe the pleasure?

BOISE 44  
Was your automaton broken?

RAEGEL 45  
No? Why?

BOISE 46  
Do you not like clothes?

RAEGEL 47  
Not when I'm sleeping.

BOISE 48  
Get dressed. You are blessed human. Tonight the Mistress requests your presence.

RAEGEL (V.O.) 49  
 My heart raced. Both fear  
 and because... never mind.  
 Fear. Just fear. And I hated  
 my fear. I hated the power  
 these Vampires had over  
 my life. My face must have  
 given me away because  
 Boise started laughing.

BOISE 50  
 (laughing)  
 Yeah, all that bravery  
 usually goes away when this  
 part comes. I don't know if  
 you're going to die tonight  
 Raegel, but I do know it's  
 better that she feeds on  
 you. Me? I don't care if it  
 hurts. So hurry up.

RAEGEL (V.O.) 51  
 I didn't have a choice. I  
 threw back on the dirty  
 pieces of shit clothing I'd  
 been wearing before. Boise  
 rolled her eyes at me. I  
 followed her into her fancy  
 land vehicle, and we flew  
 towards Alexa's manor...

### 3 EXT. ALEXA'S HOUSE

We hear car doors closing before the  
 futuristic sound of a car flying off.

RAEGEL (V.O.) 52  
 ...Except it didn't look like  
 the sprawling gigantic  
 mansions most Vampires  
 had. This was...a house.  
 Maybe two stories? Couldn't  
 tell. I mean, it was nice  
 don't get me wrong, but it  
 wasn't... grandiose. I  
 expected the conqueror of  
 clans to live in a castle.  
 Boise dropped me off at  
 the front door.

BOISE 53  
 Have a good night, Raegel.

RAEGEL (V.O.) 54  
 I ignored her and looked at  
 the perfectly normal door. I  
 squared my shoulders, took  
 a breath and knocked.

We hear Raegel knocking on the door. A  
 short pause, before the door swings open.

IZBE 55  
 Mmm. Aren't you cute, even  
 if you don't have any  
 fashion sense.

RAEGEL 56  
 Sorry. The shower was too  
 good to get out of.

IZBE 57  
 Oh, you're new. How cute.  
 I'm Izbe, my pronouns are  
 they/them. And you must be  
 Raegel.

RAEGEL 58  
 Yes. Did she talk about me?

IZBE 59  
 She handed me a tablet  
 with your name and picture  
 on it. Come on in, honey.

RAEGEL 60  
 Thanks. Uh, I'm he/him.

IZBE 61  
 Cool. This way.

#### 4 INT. ALEXA'S HOUSE

We hear the quiet sound of music, something  
 soft and sexy. Inside the room we hear soft  
 conversation, softer laughter, occasional  
 gasps and moans.

RAEGEL (V.O.) 62  
 Fuck. Me. Alexa must be  
 some kind of hedonist. We'd  
 heard about those types of  
 Vampires. The ones who  
 liked to mate with their  
 humans. This was a little  
 more than that.  
 (MORE)

## RAEGEL (V.O.) (cont'd)

The room smelled like... I wasn't sure but it smelled good. There were maybe ten people, three vampires, the rest human, and they were all, doing... things. The sight of it turned me on and that pissed me off. It wasn't enough that these fucking Vampires made us their food, Alexa wanted us to be her whores too.

## RAEGEL (V.O.) (cont'd)

She had another thing coming if she thought I was going to degrade myself like that just because of a comfy bed and a hot shower. 63

## IZBE

Consents a thing you know. 64

## RAEGEL

Excuse me? 65

## IZBE

You look mad of all a sudden. 66

## RAEGEL

You're not? You're okay with this? 67

## IZBE

People having a good time? 68

## RAEGEL

Is it? Or maybe we just don't have any other choice because we're slaves? 69

## IZBE

Oh honey, calm down. I know you come from a backwater human tribe but it's a bit different here. 70

## RAEGEL

Yeah I bet. 71

IZBE

Hey, we all know we're gonna get fed on one day. You might as well have a little bit of fun before then. And our crew up here? All wanted to be here. Trust me. Plenty have said no, or just left when they were done. There's no repercussions.

RAEGEL

Oh, so this is where she draws the line? Gives us a choice? So nice of her.

IZBE

You've got a whole lot of trauma you need to work out huh? They're Vampires honey. What are they gonna do not eat?

RAEGEL

Just...  
(frustrated  
noise)  
Why am I here?

IZBE

Wearing what you're wearing with that attitude that is a good damn question. This way.

We hear another soft knock before a door slides open.

IZBE (cont'd)

Alexa baby? Raegel aka Mr. Attitude is here.

RAEGEL (V.O.)

I hated Alexa. I hated her so intensely in that moment because never, not once in my 36 years had a vampire feeding on a human ever looked anything but barbaric to me. But this didn't look like death, this looked like... oh fuck her.

RAEGEL (V.O.) (cont'd)

Alexa, conqueror of clans,  
one of the oldest vampires  
on this planet was kneeling,  
*kneeling*, between a woman's  
legs. (I'm guessing it was a  
woman I didn't ask her  
pronouns just then). I  
watched Alexa lift the  
woman's leg over her  
shoulder. The woman's  
breath was hard, not in  
fear and she moaned when  
Alexa ran her tongue along  
the inside of the woman's  
thigh. She moaned louder  
when Alexa bit her. Now  
they were both moaning,  
and I hated them and I  
hated her, and I hated how  
tight these pants were, and  
why didn't I let that  
Automaton take me to the  
store.

IZBE

You just wait here. I'm sure  
she'll be with you in a  
minute. Have fun.

We hear the door close behind them.

5 INT. ALEXA'S BEDROOM

RAEGEL (V.O.)

She still hadn't  
acknowledged I was there.  
The woman was still quietly  
moaning, and I think... I  
think Alexa was too, though  
much quieter. Finally Alexa  
stopped feeding, and I  
watched her tongue glide  
over the woman's skin  
again, catching the small  
droplets of blood, nuzzling  
the wound she made. A  
wound that began to slowly  
close until there was no  
evidence of it. Fuck. How?

RAEGEL (V.O.) (cont'd) 83  
 Clan Sora had taken a  
 cruel kind of pride in  
 marking us when they fed  
 on us. There was not a  
 human from that colony  
 that didn't carry the scar  
 of their fangs.

ALEXA 84  
 You are delicious.

PET  
 (breathless  
 laugh) 85  
 Thank you, Mistress. May I  
 please you further?

ALEXA 86  
 Not tonight. I have a  
 meeting. You may go now,  
 with my thanks.

PET 87  
 Of course, Mistress.  
 (pause. Shyly) 88  
 May I kiss you?

ALEXA 89  
 Kisses are for lovers. We  
 are much more than that.  
 Good night.

RAEGEL (V.O.) 90  
 I stepped aside, staring at  
 the woman as she passed.  
 Perhaps she was compelled,  
 but her eyes showed no  
 evidence of it. In fact she  
 winked at me and smiled as  
 she left.

We hear the door open and close.

ALEXA 91  
 You've never seen it done  
 like that have you?

RAEGEL 92  
 Whether you feed on us  
 gently or harshly it's still  
 the same.

ALEXA 93  
Do you want us to stop feeding on you?

RAEGEL 94  
No. I don't want Vampires to die. I should, after the way I've been treated. The way my family was treated but I don't. I want us to be more than your food, I want us to be your equals.

ALEXA 95  
Equals...  
(sigh)

RAEGEL (V.O.) 96  
She finally rose. Vampires were as varied as human's in shape, size, how they looked. Alexa was built like a warrior, tall, thick, muscled. She had flawless, gleaming dark skin. Many vampires on Nomoria were dark skinned, moon bathing was a popular past time. The way the light of the sun effected the skin of humans, it was the light of the moons that could do so for a Vampire. Her curly black hair was shoulder length and carried small streaks of white. Most Vampires had a strong, near instant healing ability, not all, but most. Everyone said Alexa possessed the same healing ability, and after seeing what she'd done to that woman I was inclined to agree. But Alex had a faint scar on her cheek. It was rumored she'd gotten it from the sword of an Archangel from planet Heven. Maybe that wasn't something that couldn't be healed. Or maybe she just wanted to keep it. Who knew.

ALEXA 97  
 You and I got off on the  
 wrong foot.

RAEGEL 98  
 As I recall, I wasn't allowed  
 to stand on my feet.

ALEXA 99  
 You will not be allowed to  
 speak to me so  
 disrespectfully, Raegel.  
 Especially not in front of  
 your peers and my soldiers.

RAEGEL  
 (beat) 100  
 ... I didn't meant to  
 disrespect you.

ALEXA 101  
 I don't think that's true. I  
 think you're a man who will  
 cross many lines just to  
 see if he can.

RAEGEL 102  
 Do you blame me?

ALEXA 103  
 No.

(beat) 104  
 Uso thinks I should drain  
 you dry. Put a stop to you  
 right now before you put  
 your silly notions of  
 freedom and equality into  
 the heads of the others.

RAEGEL 105  
 I am flattered he thinks I'm  
 so dangerous.

ALEXA 106  
 Flattered is not the  
 emotion you should be.  
 (softer)

107  
 I am aware conditions at  
 Clan Sora were brutal.  
 Cruel. As you can see here  
 I do not abuse humans.  
 There's no reason for it.  
 All I ask for is acceptance.  
 And occasionally obedience.  
 (MORE)

ALEXA (cont'd)

You will get much in return.  
As you well saw.

RAEGEL

(scoffs)

You think an orgy is going  
to make me feel better? 108

ALEXA

With how far that stick is  
up your ass, it certainty  
can't hurt. How long has it  
been for you? It doesn't  
have to be with a Vampire  
since you hate us so much.  
I'm sure one of my ladies,  
men, or theys would find  
you acceptable. 109

RAEGEL

I'll pass thanks. The stick  
up my ass is doing it for  
me. 110

ALEXA

Do you want me, Raegel? 111

RAEGEL

(beat)

I'm sorry? 112

ALEXA

I said... do... you... want... me? 113

RAEGEL (V.O.)

She was in front of me  
now. I could smell her hair.  
It wasn't perfume it was...  
lavender maybe. Soap. She  
didn't touch me but I was...  
acutely aware of how close  
she was. 114

RAEGEL

I... 115

(clears throat)

Why didn't you kiss her? 116

ALEXA

Because a kiss is one of  
the most intimate  
connections. And I don't kiss  
those I don't love. 117

(MORE)

ALEXA (cont'd)

(beat)  
You didn't answer my  
question. 118

RAEGEL  
What? 119

ALEXA  
(soft)  
Do you want me? 120

RAEGEL  
(beat)  
No... No... I hate you. 121

ALEXA  
(laughs)  
I don't particularly like you  
either. I'm glad we got that  
out of the way. 122

RAEGEL (V.O.)  
She took a step back and I  
found myself licking my lips  
involuntarily. She kept  
walking backwards, and as  
she moved, I watched her  
hands move to the front of  
her robe. She opened it,  
teasing me with what was  
underneath but she didn't  
take it off. Instead she sat  
down on the edge of the  
bed, crossing her legs,  
placing her hands on either  
side of her and locked her  
stupid beautiful eyes on  
mine. 123

ALEXA  
You may come and hate me  
if you like. 124

RAEGEL  
(breathless)  
I'm not... I'm not going to  
turn into one of your  
mindless puppies just  
because you let me fuck  
you. 125

ALEXA  
Moon forbid. 126

RAEGEL 127  
I'm not going to like you  
either. Or the fact that you  
won't even listen to what I  
want for humans.

ALEXA 128  
I know, Raegel. Fucking you  
isn't going to make me like  
you, either.

RAEGEL 129  
I hate you, Alexa.

ALEXA 130  
You're not interesting  
enough for me to hate yet.

RAEGEL 131  
Bitch.

RAEGEL (V.O.) 132  
I was getting closer. I didn't  
even realize that I'd  
crossed the room. I didn't  
know that I'd lost myself to  
this woman and how much I  
hated her until I realized I  
could taste her skin under  
my lips. Her neck. My lips  
were against her neck.

ALEXA 133  
(soft moan)  
Mmmm. Be worth my time,  
Raegel...

RAEGEL (V.O.) 134  
I drew back abruptly. With  
a lot (a lot) of willpower.

RAEGEL 135  
...This isn't... this isn't how I  
do this.

ALEXA 136  
Oh? How do you do this?

RAEGEL 137  
(makes a  
frustrated  
noise. Beat)  
Do you want me?

ALEXA  
I summoned you didn't I? 138

RAEGEL  
To manipulate me. To find  
out if I'm going to be a  
problem for you. And I am. I  
am Alexa. I'm never going  
to stop wanting human's to  
be more. To be free. 139

ALEXA  
You don't want freedom,  
Raegel. 140

RAEGEL  
Excuse me? 141

ALEXA  
You want power. 142

RAEGEL  
It's the same thing. 143

ALEXA  
(laughs)  
You would believe that. Let  
me show you the difference.  
(beat)  
Command me. 144  
145

RAEGEL  
What? 146

ALEXA  
Command me. Here. Now. In  
this bedroom where there is  
just the two of us. I'll give  
you the control you so  
desperately want. Command  
me. 147

RAEGEL  
(short laugh)  
I'm not going to command  
you to fuck me, Alexa. But  
sure, I'll play your game.  
Free my people. 148

ALEXA  
All the humans I have here,  
or just the ones that  
arrived with you? 149

RAEGEL  
All of us. 150

ALEXA  
Done. I'll free them. And my kin will starve. But well before that, my enemies and even my allies will hunt you down. They'll find you. You'll be branded with the tracker, nasty device. Even if you managed to get to the spaceport there is not a ship you could command because none would respond to you, because we programmed them that way. 151

RAEGEL  
You don't know everything. 152

ALEXA  
(sigh)  
You think you're the first human that wants to be free? That's tried to start a revolution? There are history books you have not read. There are centuries you have not lived. It always ends up one way - you loose. 153

RAEGEL  
(frustrated)  
That's entirely my point. It's why you've got too - (beat. Taking in a breath. He doesn't want to say too much) 154

Fine. You don't want to let everyone go, don't. Let me go. 155

ALEXA  
Do you think you can escape your fate if I do? You think a human can just wander the Vampire cities? 156

RAEGEL  
I'm not going to the cities. 157

ALEXA  
You think your soft human  
body can survive the  
wilderness? You who've  
never hunted a day in your  
life? 158

RAEGEL  
You said command you, I  
commanded you. Let. Me. Go.  
Or are you a liar too? 159

RAEGEL (V.O.)  
Her eyes flashed - I'd seen  
that look before. Her anger.  
It felt... controlled though. I  
might be a mouthy, arrogant  
fool, but I truly did not  
want to see her anger  
uncontrolled. But, I still had  
to try this. Had to push. 160

RAEGEL (V.O.) (cont'd)  
She shot up, her open robe  
hanging entirely too well  
around her, making me  
remember what her neck  
felt like under my lips. It  
made me want to reach out  
and command her in the  
way she wanted me too...  
No. No. I had to hold firm.  
Right? Right. Firm. A  
different firm, not how firm  
her arms would be around  
me... or would they be soft...  
all that muscle and... shut  
up, Raegel. Focus. 161

ALEXA  
You're an idiot Raegel and  
you will die alone. What  
sense is there in that? I  
know your previous masters  
were cruel, I know you've  
lived a lifetime of it. I am  
none of those things. Let  
me show you. Stay here.  
Live your life in comfort.  
Fall in love. Have children.  
Take the freedom I offer. 162

RAEGEL (V.O.)

Her impassioned speech made me realize how good a commander she probably was. I would have followed her into battle. But not as I was. Not as weak as I was, not with a lifetime so limited. She deserved better. And so did I. I came closer, drawing in her scent. I raised my hands and framed her face between them, staring into her eyes. She couldn't fathom my request because she only saw what she knew. I could not speak to her history but she looked as if she'd seen one too many senseless deaths and it was clear she thought I was walking into mine. But, I had a plan. A stupid one but a plan nonetheless.

163

RAEGEL

I do want you Alexa. And I hate that. I've never wanted a Vampire but I want you. Just... not like this. Not as I am. I need to be more. I will stand as your equal, or I will die trying.

164

ALEXA

Setting you free won't grant you what you seek. What you seek is impossible.

165

RAEGEL

Let me try.

166

(beat)  
Please.

167

RAEGEL (V.O.)

I felt her fingers close around my wrists. Hands of a warrior. I let my mind wander, thinking of how those hands would feel on me. Gripping my back.

168

(MORE)

RAEGEL (V.O.) (cont'd)

Touching me like I wanted  
to touch her...

ALEXA

Fine.

169

RAEGEL (V.O.)

Just as my mental fantasy  
was getting so carried away  
I was thinking maybe I  
\*should\* take her up on  
that offer, just in case I  
did die, she shoved me  
away from her. Giving me  
her back, belting her robe  
closed. She picked up her  
tablet.

170

ALEXA

Boise.

171

BOISE

(beat)  
Ma'am?

172

ALEXA

I'm giving Raegel his  
freedom. Tell no one. Pick  
him up, and drop him off  
outside of city limits.

173

BOISE

(beat)  
Are you sure-

174

ALEXA

Boise.

175

BOISE

Yes ma'am. On my way.

176

RAEGEL

Wait. You're doing it? You're  
letting me go? Boise isn't  
going to kill me is she?

177

ALEXA

I am many things, but I am  
not a liar. Get out. What  
happens to you after this  
is no longer my concern, for  
you are not under my  
protection.

178

RAEGEL  
 Alexa... Mistress. Thank you. 179  
*Thank you.*

ALEXA  
 Get out. 180

Transition sound.

6 INT. ALEXA'S STUDY

ALEXA  
 I think that's quite enough 181  
 of your side of things.

RAEGEL  
 Hey now. I was just about 182  
 to write about how  
 concerned you were for me.

ALEXA  
 More like relieved the 183  
 annoying one was gone.

RAEGEL  
 You were worried, admit it. 184

ALEXA  
 You didn't want to leave. 185  
 Admit it.

RAEGEL  
 You did look good in that 186  
 robe...

ALEXA  
 Other men jumped at the 187  
 chance to get that robe off.

RAEGEL  
 Other men don't get you all 188  
 to themselves.

ALEXA  
 Maybe they should. 189

RAEGEL  
 How dare. You're mine now. 190

ALEXA  
I suppose. After what a  
colossal pain in the ass you  
were to save, it's only right  
I should have claim to you  
forever. 191

RAEGEL  
We are in agreement. Come  
here and kiss me. 192

ALEXA  
As you wrote, I don't kiss  
those I don't love. 193

RAEGEL  
You love me, Alexa. I am  
helplessly in love with you.  
Kiss me. 194

(sigh) ALEXA  
Fine. 195
